Suffolk Adult (25+) Mental Health VCSE Forum

Wednesday 7 October, 11am-1pm (virtual)

NSFT would like to invite Voluntary, Community and Social Enterprise organisations (large and grassroots), which operate in Adult Mental Health in Suffolk, to come together at a newly-created Suffolk VCSE Forum.

The primary goal of this meeting is to ensure we deliver the best possible outcomes for our service users and carers through creating and building on the partnerships between the NSFT and VCSE sector. The forum will also:

- Give groups the chance to learn more about the services within the Trust
- Include regular service updates
- Create opportunities for organisations to showcase the work they are doing in the community
- Give networking opportunities

Please note: The first forum will be online and recorded for those who cannot attend
These events will be bi-monthly, dates will be given at the first meeting

To register your attendance please contact:

Naomi Farrow, Engagement Officer
