Digital Champions

Digital Champions are people who help others go online safely and successfully if they want to. You don't need to be an IT whizz to be a Digital Champion – you just need a bit of time and enthusiasm to support others to experience the many benefits of the internet and digital technology.

The **Digital Champions project** is a collaborative, digital skills development project between partnership organisations and community volunteers across Suffolk. The project aims to:

Provide access to digital skills training and a digital resources library via the online Digital Unite Digital Champions platform

Support individuals within partner organisations and community volunteers to develop their own digital knowledge and skills

So they can then support others to learn the basics of computers and the internet in a relaxed, informal way

CAN YOU HELP YOUR COMMUNITY?

BECOME A DIGITAL CHAMPION VOLUNTEER!

- ✓ Do you have a few hours spare each month?
- ✓ Do you have the enthusiasm for supporting others to make the most out of getting online?
- ✓ You will have access to the Digital Unite web-based learning platform that trains, supports and provides resources for Digital Champions

All volunteers must be 18+
DBS & Training provided
